

English translation of *fatwa* against the Islamic Republic

In the Name of God the Most Vengeful, the Supreme Victor!

God, no other god is there besides It, the Most Vengeful, the Supreme Victor!
Inasmuch as the tyrannical system of the **Islamic Republic of Iran** is not a people's government and is an irate, blood-thirsty regime, which during the passage of time has proven its illegitimacy to all; this is a *fatwa* and an instruction to every God-worshipping individual to resist and struggle completely against this [unjust] system because, whether high or low, they [i.e. the IRI] are '*corrupters of the earth*'.

So let this be an announcement to insurrection and a sacred struggle [jihad] against the **Islamic Republic** until victory ensues and the overcoming of this *ahrimanic* [i.e. satanic] regime by the hands of the noble Iranian people is realized, and the women of Iran especially are forever freed from this loathsome system of patriarchy.

This is the divine decree perhaps auspicious days are near at hand for all the inhabitants of Iran, and O Light!
